You really had friendly hosts/extension agents and the tours were well planned and didn't wear you out.	1
For being a spouse but involved in ag education and having my professional organizations at the state and national levels, much like the extension system, I was highly impressed. My wife told me how great the others were that she went to. I don't think Kansas let us down one bit. Very professional, very educational, but yet informal and relaxed.	1
I know putting on an event like this and making everyone happy is hard. You all did a great job putting this conference together. We had a nice time and look forward to going to more in the future in other States. With some of the States consolidating their Extensions offices there are going to be fewer Agents and families who will be able to go to the conferences because they don't have the funds.	1

### What would you like to really compliment this year's hosts on?

---

I thought the Sons and Daughters organizers did a really great job. This was our first year to participate and they made us feel very comfortable. also, the tour guide for my spouse tour was great! Robin (we did the Fiber Fest) did a great job in watching over us. 1

The host state did an excellent job of recruiting & organizing helpers & worked together to pull off a great meeting, despite the changing & uncertain "landscape" of Extension programs around the country. The PIC tour that I attended was very rewarding, though the title was a little misleading (Tour 24). Excellent facilities with numerous lodging arrangements closeby (walking distance). 1

The organization and flow of the entire conference was fantastic. The Kansas delegation was upbeat and hospitable to everyone. I always saw them smiling or trying to help. I can speak for Tour #3 that the tour was excellent and I give most of that credit to our tour guide/leader. He told us lots of stories and gave us a lot of background information. If everyone in a tour is still smiling after spending 8+ hours together then you know we all had a good time! Thank Kansas Agents! 1
